### Construction Waste Management (CWM) Plan

*(Provide at Plan Submittal)*

Building permit applicants must prepare a Construction Waste Management Plan as a means of documenting project compliance with the CalGreen Code, Sections 4.408, 5.408, and City Development Code Section 16-5.11, Construction Waste Diversion. Applicants must complete this form and submit it with each building permit application to the City of Victorville Building Division.

Project Name: \_\_\_\_\_

Permit #: \_\_\_\_\_

Project Manager: \_\_\_\_\_

Waste Hauling Company: \_\_\_\_\_

Contractor Name: \_\_\_\_\_

Under the terms of the CalGreen Code, contractors must choose one of the following means to recycle a minimum of 50% of the construction debris from landfills, which may be increased voluntarily to 65 and 75 percent for new homes and 80 percent for commercial projects. Please check the appropriate box indicating the recycling method of your choice:

- Contract for hauling services with the City's franchise hauler, assuring that all project debris will be taken to the Victorville Landfill Diversion Program.
- Self haul all project debris to the Victorville Landfill Diversion Program.
- Self haul all project debris to an appropriate Construction Materials Recycling Facility.
- Contract with construction site cleanup company to haul and recycle project debris.

**Disposal Tonnage**

Estimated tonnage of waste to be generated by project:	
Estimated tonnage of waste to be recycled by project:	

All Subcontractors shall comply with the project's Construction Waste Management Plan.  
 All Subcontractor foremen shall sign the CWM Plan Acknowledgment Sheet.  
 No permit will be issued without the completion and approval of a Construction Waste Management Plan.

In addition:

1. Construction Waste Management Worksheet, enclosed, identifies the waste materials that will be generated on this project, the diversion strategy for each waste type and the anticipated diversion rate.
2. Salvage: Excess materials that cannot be used in the project, nor returned to the vendor, will be offered to site workers, the owner, or donated to charity if feasible.
3. Debris from jobsite office and meeting rooms will be collected by \_\_\_\_\_.  
(Disposal Service Company)  
 \_\_\_\_\_ will, at a minimum, recycle office paper, plastic, metal and cardboard.  
(Disposal Service Company)

I am aware that all receipts, weight tickets, invoices or other acceptable evidence of recycling construction debris must be provided to the City prior to final inspection as proof that at least 50% of the amount of debris generated by this project was recycled and that non-compliance will result in project delay or no final inspection.

## Construction Waste Management (CWM) Plan Acknowledgement

*(Provide at Plan Submittal)*

The City of Victorville is mandated by the State of California to implement programs to reduce the amount of waste sent to landfills by 50% by the year 2011 and beyond. In order to comply with this State mandate, the City requires all general contractor, subcontractor or homeowner to provide a Construction Waste Management Plan (CWM). The plan outlines how recoverable material will be diverted from the landfill. Weight slips documenting the actual disposed and diverted amounts must be provided. The final CWM must be completed at the conclusion of the project and submitted to the Building Division prior to final inspection. An estimated CWM must be completed and submitted to the Building Division prior to permit issuance.

Contractors who need information on local scrap metal recyclers, asphalt and concrete recyclers, or brush and wood recyclers should contact the City of Victorville Recycling Program at (760) 955-8615.

### **Acknowledgement**

I have received a copy of the City of Victorville's Construction Waste Management Plan. It is acknowledged and agreed that during construction the \_\_\_\_\_ will  
(Name: General Contractor, Subcontractor or Homeowner)  
monitor and maintain compliance with the Construction Waste Management Plan provided to the City of Victorville by the \_\_\_\_\_.  
(Name: General Contractor, Subcontractor or Homeowner)

The signature below represents acknowledgement and agreement with the City of Victorville Development Code Section 16-5.11, Construction Waste Reduction, Disposal and Recycling Plan. Prior to final inspection, the complete CWM Package, Pages 1 through 5, shall be provided to the Building Division.

# Construction Waste Management (CWM) Plan Summary

*(Due Prior to Final Construction)*

Project Name: \_\_\_\_\_  
 Permit #: \_\_\_\_\_  
 Project Manager: \_\_\_\_\_  
 Waste Hauling Company: \_\_\_\_\_

CWM Plan Worksheets by Page Number	C	D	<u>Compliance Method</u>
	Insert Totals Below		Weight
	Diverted	Non-Recycled	
Worksheet 1			<b>Notes:</b>
Worksheet 2			
Worksheet 3			
<b>Grand Totals:</b>			

**Step 1** – Insert totals from Worksheets in Column C or D. (Use additional sheets as necessary.)  
**Step 2** – Add each column down and enter grand totals in the boxes provided.

If Column C is larger than Column D, Compliance with the 50% waste reduction requirement is achieved.

**Certification:**  
 The signature below represents that the information provided on this form is true and correct and certifies that I have tracked construction waste during the course of this project and that a minimum of 50% of the total waste has been diverted for either reuse or recycling.
